

Child Passenger Safety (CPS) Webinar

Safe Transport of Children in Ambulances

March 28, 2013

Please complete this evaluation form and send it back. Your input helps plan future educational programs to improve the health and safety of Maryland's children, youth and families. If you would like to receive a certificate of participation and/or free periodic updates on child passenger safety, complete and return it with your contact information on page 2.

1 – Poor to 5 – Excellent

Please rate the objective or component:	1	2	3	4	5	Comments
Learn the NHTSA 2012 guidelines for safe transport of children via ground ambulances in 5 different situations						
Learn that children must be transported with age & size-appropriate child restraint systems that comply with FMVSS 213						
Learn the conditions when each restraint would be used for specific children and key features of its use:						
• Ferno Pedi-Mate						
• SafeGuard Transport						
• Radian 120 Car Seat						
• DreamRide Car Bed						
• Pediatric Backboard						
• Off-the-shelf car seat						
Understand how the restraints must be secured to the stretcher						
Quality of Powerpoint presentation						
Overall quality of the webinar						

What part of the webinar was most useful for you in practice?
