Review 4/20/17 Meeting Summary	No changes to the summary that was distributed were requested.	Approved	Dr. Seaman	Complete
Old Business (OB) Subcommittee Updates	<p>Public: The Hands Only CPR event on 7/28/17 was a rainout, however prior to the game being called, fans that had arrived for the game were able to view a video on the jumbo-tron and there were 2 tables set up for CPR and AED demonstrations. There was also a survivor in attendance. This year’s CPR Ad campaign is with Ravens radio on WBAL and the ads will air during the Pregame shows that air for Ravens Home games. There will also be an opportunity to have a booth at a 98 Rock the Lot tailgate party during a home game in October.</p> <p>EMD: A “teaser” (abbreviated version) of the final EMD video was presented. The video could also be modified to share with the public. The video will be</p>	None	Harford County EMS (Dousas Coordinated)	Complete
		Complete/Post on LMS	MIEMSS	Estimate completion in 1 month

	<p>on You Tube. Modules for the Learning Management System are nearing completion. Dr. Alcorta will be meeting with the 9-1-1 Numbers Board and the EMD Committee regarding Pulse Point which may dovetail well with the AED notification process for 9-1-1 centers.</p> <p>EMS: A pediatric high performance CPR protocol has been approved for the 2018 protocols.</p>	Handout of protocol distributed	MIEMSS	July 1, 2018
CARES	The 2016 Summary for Maryland was presented and included data from the 9 counties that were participating in January 2016. Counties and hospitals came on in 7 phases during 2016. According to the report, Maryland is matching the nation well with survival rates.	None	MIEMSS	Ongoing
CPR Measurement Tool	MIEMSS and Howard County Resuscitation Academy staff will be meeting to determine what needs to be updated and reformatted in order to post the measurement tool on the MD RA website.	Meet 8/10/17	MIEMSS Howard County RA staff (Kelly)	In progress
HB 522/SB 427 AED Study	Lisa provided a brief update on the status of the required AED Study. MIEMSS is working with a PhD student of Dr. Chandra-Strobos at the Johns Hopkins School of Public Health to conduct the analysis of the data. A detailed study plan will be presented at the next meeting. The report is due to the legislature on December 1, 2017.	Conduct study and prepare report	MIEMSS	In progress Due December 1 2017
