Overview

Create bookmarks on your mobile devices to make accessing Elite Field easier in the future. This article explains how to create bookmarks for Windows-based mobile devices and computers, and iPads.

Facts

- Bookmarking the Elite Field URLs requires internet.
- Before a device can be taken offline, a bookmark must be created, and a user must log into Elite Field while the device has an internet connection. This is necessary for the device to sync resources and sign in credentials. Repeat this process for each device that will be used offline.
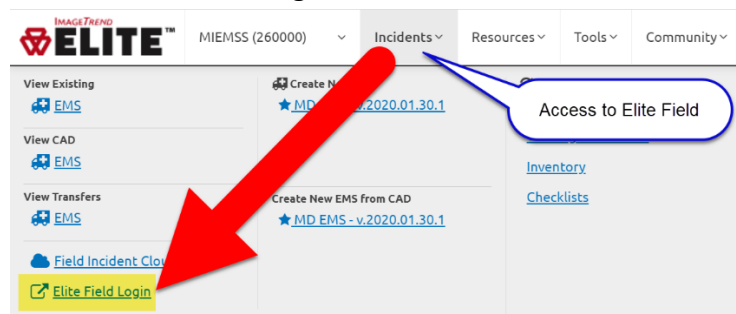

> 🧩📠**MIEMSS Tips**: Before starting, **Clear all cache, history, and cookies**. This will remove any previous Elite Field installation and prevent users from accidently using any older, incorrect program.
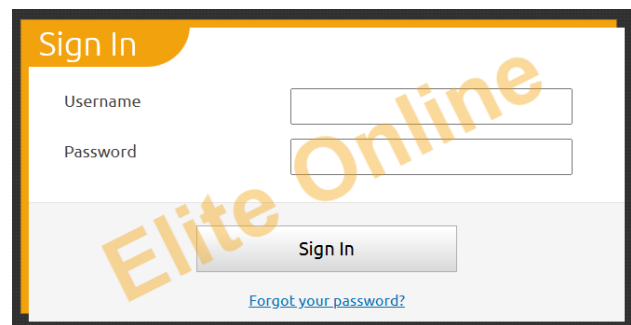

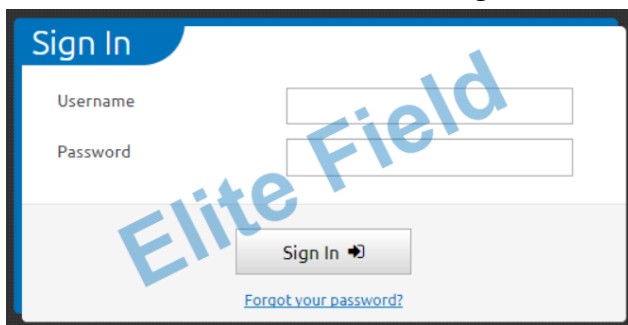

How to Bookmark Elite Field

1. Sign into Elite

   > 🧩📠**MIEMSS Tips**: When first logging into Elite, use the link provided from the **MIEMSS homepage**.

2. Open the Incidents Tab and Select Elite Field Login

3. Elite Field is identified as the blue login screen.

For iPads

1. Select the Send to Icon

2. Select the Add to Home Screen button

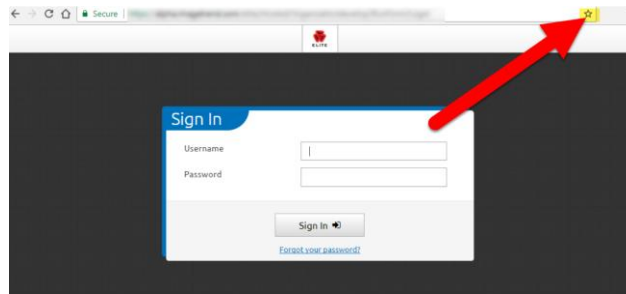

3. The link shows on the iPad's Desktop
