

Maryland Institute for Emergency Medical Services Systems
Trauma Decision Tree Selection of “D - EMS Clinician Judgement”

Wednesday, July 27, 2021

Overview

Effective immediately, in an attempt to better understand the decision behind a clinician selecting only, “Category D - EMS Clinician Judgement,” for the trauma decision tree, eMEDS has added the following free text question:

Provide specific reason for selecting “D - EMS Clinician Judgment”

Visibility Rule

This question will be visible anytime “D - EMS Clinician Judgement” is selection for the trauma decision tree. If this selection is never made, and the free text field is blank, the field will be hidden.

Validation Rule

This question will only become validated when the **only** selection for the trauma decision tree is only “D - EMS Clinician Judgement” and will be worth 1 point.

Technical Resource

This new question will be developed as a Supplemental Question (SQ) created at the System Level. This question, and provided answers will be available in Report Writer for all to review.

For questions, please contact eMEDS Support at emedss-support@miemss.org.
